

[NarrowKeys.com/Athena](https://NarrowKeys.com/Athena)

**PRINT IN LANDSCAPE MODE** - Feel the comfort! These keys have a 5.5" octave. They enable small hands to experience the piano like someone with large hands. Try playing an octave. Maybe you can reach a comfortable octave for the first time... or a 10th!

Athena  
Pianos

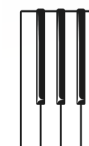

*Narrow Keys for Small Hands*

## Regular Sized Keys

**PRINT IN LANDSCAPE MODE** These keys have a 6.5" octave.

This is the size of current piano keyboards. If you have a large hand, they are wonderful. If you have a small hand your playing options are limited and you may experience pain.

Athena  
Pianos
